

NEW

RONCO PVC INDUSTRIAL GLOVES

Superior Grip, Protection and Cold Resistance

Targeted for use in the commercial fisheries industry, this new line of RONCO PVC gloves is suitable for any industrial application (such as oil and gas production) which requires insulation, liquid or chemical resistance and dexterity in cold or wet handling environments. RONCO PVC gloves are available in a selection of special coated grips, cold resistance, lengths and cuff styles to ensure the right glove for the right job. They are resistant to liquids and oils and their seamless liners offer comfort and flexibility. The new line is CE EN388 mechanically rated for their resistance to abrasions, cuts, tears and punctures.
